

VILLAGE OF BOSQUE FARMS, NEW MEXICO

APPLICATION FOR WATER SERVICE

SERVED PROPERTY INFORMATION

Property owner's name(s)

Owner's telephone number(s)
H) W)

Mailing Address

Address of property to be served

Date by which connection is desired

Is this for a residential customer account? _____yes _____no

To be a residential account, the served facility must be a single family dwelling unit with a single kitchen served by a water meter that does not serve any other facilities or dwelling units.

Is this for a master water meter customer account? _____yes _____no

To be a master water meter customer account, the served facility must be a commercial consumer supplying water to more than one facility through one connection and requires Council approval.

Is this for a commercial account? _____yes _____no

A commercial customer is any customer who is not a residential customer or a master water meter customer as defined above.

Size of hookup fee requested: _____ \$1000.00 for ¾" _____ \$1085.00 for 1"
_____ \$1740.00 for 1 ½" _____ \$2040.00 for 2"

Meter deposit is \$25.00. **I understand the meter deposit will be refunded to me on termination of hookup if all water bills are paid in full.**

REQUIRED ATTACHMENTS

For all applicants: Change Point of Diversion on Inside Domestic Use Water as per the Village Ordinance; Section 9-2-9: The landowner shall assign the domestic right to use water to the Village as per the Change Point of Diversion Agreement with the Village of Bosque Farms. **If domestic right to use water cannot be diverted, the landowner will be required to purchase the necessary water rights. The State Engineer's decision on your request for diversion of water rights will not be made immediately.** _____ (Init.)
The landowner may elect to have the Village of Bosque Farms purchase water rights for said individual at a rate established by the Village of Bosque Farms. The rate will be based upon user needs and requirements at a minimum charge of \$800.00.

We the undersigned understand we must install, at our cost, the water line from the meter to our residence. We must install a shut off valve inside or near our residence. We also understand that the Village water system is for DOMESTIC USE ONLY. All irrigation or outside water use must be provided by a private well.
